

GENERAL PLAN GUIDING PRINCIPLES

guiding principle #1

An open space network formed by parks, canyons, river valleys, habitats, beaches, and oceans.

guiding principle #2

Diverse residential communities formed by the open space network.

guiding principle #3

Compact and walkable mixed-use villages of different scales within communities.

guiding principle #4

Employment centers for a strong economy.

guiding principle #5

An integrated regional transportation network of walkways, bikeways, transit, roadways, and freeways that efficiently links communities to each other and to employment centers.

guiding principle #6

High-quality, affordable, and well maintained public facilities to serve the City's population, workers, and visitors.

guiding principle #7

Historic districts and sites that respect our heritage.

guiding principle #8

Balanced communities that offer opportunities for all San Diegans and share citywide responsibilities.

guiding principle #9

A clean and sustainable environment.

guiding principle #10

A high aesthetic standard.
